St John's Chamber Orchestra was founded by Nigel and Jay Wilkinson in 1980, and its association with Norden Farm began as the building opened in 2000. Every year since then, we have presented a Mozart birthday concert during the last weekend of January, as near as possible to Mozart's actual birthday, January the 27th. This year, the concert had to be delayed so we are delighted to bring it to you now.

Saturday 1 May - St John's next appearance at Norden Farm is a very unusual one – a **14 hour performance of Satie's Vexations – a musical marathon and a fundraiser for Norden Farm**. More details will be available soon.
