

Norden Farm Young Creatives Application Form

Summer 2020

Thank you for your interest in the Norden Farm Young Creatives Programme.

The next placement will place between Tuesday 14 - Friday 17 July 2020.

Summer Young Creatives is a specific extended work experience placement for arts and creative students. The placement is best suited to KS5 students.

Across 4 days you will work with a small group of students alongside technicians and with the guidance and support of a professional artist to curate and install the annual summer Exhibition at Norden Farm.

During this placement you will:

- Gain valuable hands on work experience to add to your CV
- Enhance your leadership, planning and organisational skills
- Build self confidence, make friends and have fun
- Work alongside professional arts practitioners to support activity

This placement is available for a maximum of 6 students.

As you can imagine we become very oversubscribed for placements and therefore prioritise students who go to school/college within the RBWM area first, and then, if placements are still available, to other areas. We also suggest submitting your application as early as possible.

As part of the selection process applicants need to submit a reference - this should be a teacher / lecturer who can offer a reference about your suitability for this placement.

Please fill in the all of the below information, in as much detail as possible.

Name

First Name Last Name
