STUDIO SECTION

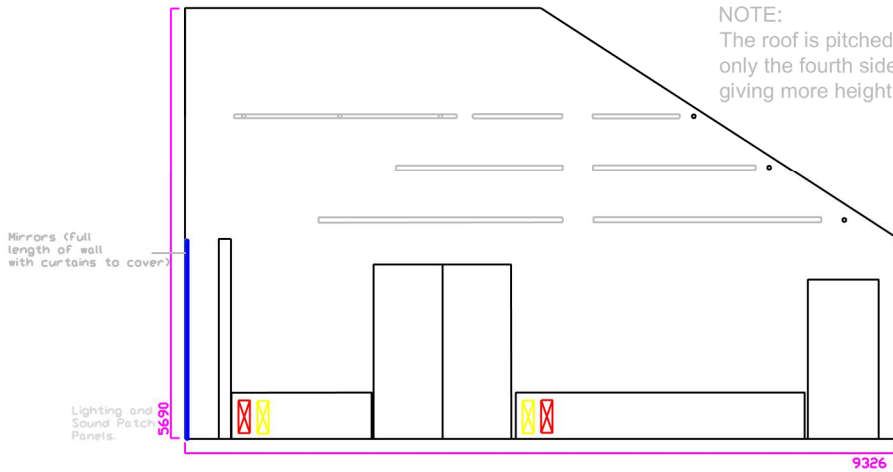

Scale 1:100

A

A

SECTION AA

Note:
Walls of Studio at 2.3m
Ceiling pitching up to apex.

Low LX Bars at 2.9m
Mid LX Bars at 3.6m
High LX bars at 4.3m

NOTE:
The roof is pitched on THREE sides, it is only the fourth side that is flat (well a ridge!) giving more height as shown in the section.

Studio

Seating Notes

Stage depth	capacities to sell	inc house seats (2)
4.0m	84	86
4.8m	68	70
5.7m	56	58

notes

Studio seating should have aisles at the sides

(one in the middle if specifically requested or if projecting through window)

Steward Seats should be set to the sides (off the Rostra).

Other seating layouts are possible, please contact the Technical Manager to discuss.
